International Jawa Day

Jawa bikes vroom on city roads

Mysuru, July 9 (MTY&KS)- More than 350 bikers including 80 from Bengaluru took out a rally with their precious good old Jawa and Yezdi bikes vrooming along the thoroughfares of city to mark International Jawa Day this morning. The event was also a platform for Jawa bike enthusiasts to interact with some of the oldest riders and employees of the then Ideal Jawa factory.

The roads came alive with the sounds of two-stroke engines of Yezdi and Jawa bikes as their owners took out their pride possession to mark the day. These iconic machines, called the 'King of Roads', were manufactured by the erstwhile Ideal Jawa (India) Ltd. which had its factory in Yadavagiri.

The factory, Ideal Jawa (India) Ltd., manufactured the most sought-after two-wheelers in the '60s and '70s. The land which stood abandoned after the factory stopped production in 1981 was auctioned lock, stock and barrel in 2001.

The rally, organised by Jawa Friends Club, Mysuru, began near the house of late F.K. Irani, Managing Director of the then Ideal Jawa factory and passed through Nazarbad Main Road, Siddhartha Hotel Road, Jayachamarajendra Wadiyar Circle (Hardinge Circle), Dasara Exhibition Grounds Road, Gun House Circle, Chamaraja Double Road, Ramaswamy Circle, Saraswathipuram Fire Brigade Road, Kukkarahalli Lake Road, Hunsur Road, St. Joseph's School junction, Mathrumandali Circle, Kalidasa Road, Old Jawa Factory Road, where the bikers stopped a few minutes before proceeding to Srirangapatna.

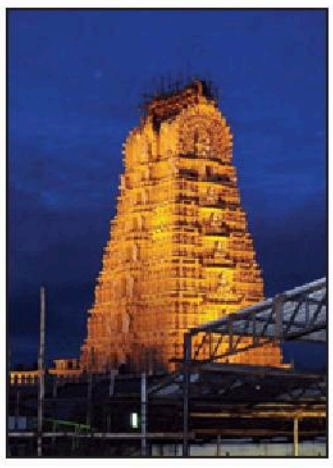
Ashada Shukravara at Chamundi Hill

Chamundi Temple collects Rs. 40.91 lakh on 2 Fridays



Mysuru, July 9 (BCT)- Entry ticket collections on the second Ashada Shukravara (Friday) on July 7 at the Chamundeshwari Temple atop the Chamundi Hill stood at Rs. 22,70,410. This is more than double the entry ticket collection of the second Ashada Friday last year that stood at Rs. 8,91,300. The collection has also broken the 2015 collection record on second Ashada Friday figures of Rs. 6,74,000.

This year, the total revenue collected through entry tickets on the first and second Ashada Fridays stand at Rs. 40,91,780 as against the last year's total collection on all Ashada Fridays and Chamundi Vardhanti Mahotsava stood at Rs. 38,73,300. In 2015, the temple collected Rs. 29,67,550 on all Ashada Fridays and Vardhanti.

Thousands of devotees had thronged the temple and the shrine was open from dawn till late in the night and the entry ticket money was counted yesterday. In 2015 and last year, special darshan tickets were priced at Rs. 50. This year, the district administration had retained the Rs. 50 ticket and had introduced Rs. 300 ticket that gave the devotees an opportunity of special darshan and an Abhisheka in their names. Going by the figures, it looks like there were many takers for Rs. 300 ticket.

EDITOR'S BOTTOMLINE

When the Goods and Services Tax (GST) was announced at midnight, VIPs stayed awake, citizens had a sleepless night and many businessmen lost their sleep. Bengalis have been worried for a while because now a 5% GST will fall on rosogolla and sandesh. Sweets with a saffron or silver coating will now have to bear a 18-20% GST tax: there's very little meetha with the khatta. Not that there's much khatta available either for those keen on namkeen. With a 12% GST on snacks, the chips are down and the dhokla is khokla. On August 14, 1947, Nehru gave his famous speech saying "While the world sleeps India awakes to life and freedom." Of course, Chacha Nehru got his clock slightly wrong in that famous speech because according to GMT, it was actually early evening in London and the former imperialist rulers were wide awake when India woke to new life. Freedom at midnight circa 2017 was designed to be an event marked by band baaja baarat complete with fairy lights draped on Parliament, flower arrangements and choreographed moments. Quipped the internet wag, is GST a Government Self-promotion Tax? In these taxing times, we still don't know how many MPs will disclose their real assets if not their real estates, but that did not stop them from lining up to celebrate their freedom at midnight moment even though they all looked uniformly gloomy. But spare a sympathetic thought for the amiable Dr. Manmohan Singh. Key architect of the GST, he too was forced to fall in line with his party and miss the GST party. Now if only Dr. Singh's event management had been a practised political art form in 1991, the year of the biggest reforms. But for that you need to be a chatur bania and not a genial sardar.

Fairy Tale Kindergarten

Moscow: For 150 lucky preschoolers in Moscow, Russia, every day is a fairy tale. Instead of the usual kindergarten, they go to the Castle of Childhood, a real-life fantasy castle where they can play and live out their dreams of being prince and princesses.

The Castle of Childhood is often called the coolest-looking kindergarten in the world, and for good reason. It's an amazing complex consisting of a large, colourful medieval castle including the usual swings and slides, several playhouses, a soccer field, running track and flower gardens. The castle itself houses all kinds of wondrous areas designed to keep children busy and entertained. Located in Lenin State Farm, the Castle of Childhood was inaugurated in February of 2013. Pavel Grudinin, the director of the farm, came up with the idea for this amazing complex after visiting Germany's beautiful Neuschwanstein Castle, which also served as inspiration for Disneyland's Sleeping Beauty Castle. And he wanted to recreate the magic for children in Russia.

Mission dog rescue!

Kiev: A dog shelter in Nikopol, Ukraine's Dnipropetrovsk Oblast region, recently received a call from a concerned animal lover begging them to help her rescue a dog that had fallen down an exposed drain and had been stuck there for three years.

The shocking story was shared on July 2nd, on a social media, by Elena Omelchenko, a volunteer at the 'Nikopol dog shelter.'

Lena had told volunteers at the dog shelter that over the last three years, she had contacted the Ministry for Emergency Situations – where she was told that they do not deal with such matters – various activists and even professional dog handlers, but no one expressed a desire to help. She and others tried rescuing the dog themselves, but the animal hid whenever someone tried to help. Elena and her colleagues understood that they needed someone with experience in both animal rescue and dealing with distressed dogs. "Our Sasha Dunaev, our hero, the best dog rescuer in the world, managed to pull her out!!!" Elena wrote.

The well-lit Rajendra Vilas
could be seen even from Mandya!

Sir,

The article ***"Rajendra Vilas Palace atop Chamundi Hill - Dream Destination to get facelift"*** (*SOM* dated July 6) made an interesting reading. It is true, many visitors to the Hill temple never even think what that building was!

During my student days, a conference was arranged in this beautiful Palace which was admired by the participants very much. Mirrored walls, Royal mementos adorning vantage positions, stuffed animals of all sizes, were a treat to watch. It was a wonderful experience indeed!

After leaving Mysore to take up employment, I was visiting Mysore to be with my parents for just a couple of days. **The magnificent Rajendra Vilas Palace well-lit and the hill-top with electric lighting all along could be seen from far off places, even beyond Mandya.** That was the beauty of this place. Where are the lights gone?

Extend Trin Trin facility to other areas in city

Sir,

This refers to the news item titled ***"First Public Bicycle Sharing (PBS) facility in Asia: Overwhelming response to Trin Trin"*** (*SOM* dated July 5). At present, the hubs are located very close to one another and concentrated in the Central Business District (CBD) area and nearby except for the Chamundi Hill area.

A vast area of Ramakrishnanagar, Vivekanandanagar, Kuvempunagar and Siddarthanagar remains not catered. With R.T. Nagar and Kanakadasanagar growing up fast, it would be useful to public if the PBS facility is extended to more areas.

Also, the present cut off time of 10 pm robs the opportunity for night arrivals by train and bus to use the facility, even with some extra fee to be paid. For many in these far-flung areas, it will serve as a boon, especially when the city bus service also stops at 9.30 pm. Autorickshaws charge a huge sum after 10 pm.

Hence, I request the Trin Trin Management to evolve a scheme whereby the public can use it after 10 pm and return late night, say by 11.30 pm or early next morning.

Similarly, start the issuing operation by 5 am to help early morning users.

Suitcase remark: HDK offers to quit as State JD(S) Chief

H.D. Kumaraswamy

Prajwal Revanna

Bengaluru, July 9- While JD(S) patriarch H.D. Deve Gowda is squirming with embarrassment when the rift in his family tumbled out in the open when his grandson, Prajwal Revanna, made a startling revelation about 'suitcase culture' in the party, his son and JD(S) State President H.D. Kumaraswamy (HDK) is learnt to have told Deve Gowda that he cannot lead the party if such statements by family members are not controlled.

A ticket aspirant from Hunsur Assembly Constituency, Prajwal Revanna, son of former Minister H.D. Revanna, made the controversial statement two days after veteran Congress leader A.H. Vishwanath, who represented Hunsur earlier, joined JD(S).

Upset with his nephew Prajwal's remarks, HDK has reportedly conveyed his wish to stay away from the party leadership. He is learnt to have told Deve Gowda that the remarks have hurt him and party workers will get demoralised with such remarks. Moreover, Opposition parties will make use of the remarks to attack the JD(S) in the coming days.

He said he was ready to step down as the State party President if necessary and asked Deve Gowda to rein in Prajwal. Prajwal had also said that people who come with suitcases get front row seats in the JD(S), while those loyal to the party are assigned back seats, embarrassing the party leaders.

"Prajwal's statements are directed against me and his words have been misused by rebel party leaders who have been suspended. In this situation, it is difficult for me to prepare for the 2018 Assembly polls and I would not like to hold the party leadership and I will join whoever takes over the control of the party," he reportedly told Deve Gowda.

Dy.SP Ganapathy's suicide case

State opposes CBI probe

M.K. Ganapathy

New Delhi, July 9 - The Karnataka Government has opposed CBI probe into the suicide of Dy.SP M.K. Ganapathy who hanged himself at a lodge in Madikeri on July 7 last year.

Responding to a petition filed by M.K. Kushalappa, father of the deceased, the State Government maintained in the Supreme Court that a "thorough and in-depth investigation" has been carried out and no prudent person can term the investigation as biased. A bench of Justices Adarsh Kumar Goel and U.U. Lalit will consider the matter on July 10 (tomorrow).

Kushalappa had contended that his son, then posted at the office of Inspector General of Police, Madikeri, was being hounded by Congress leader and Minister K.J. George and IPS Officers A.M. Prasad and Pranob Mohanty. Ganapathy had also made allegations of harassment and ill-treatment by superior officers just before the incident.

After his death, the Minister had to resign and the Police officers were transferred after the FIR was registered on July 19 following an order by a Madikeri court. However, the CID, which investigated the case, under the supervision of the Director General of Police, filed a closure report before a trial court.

Kushalappa then approached the Karnataka High Court and on October 19, 2016, the HC declined his plea for a CBI probe. He then approached the Supreme Court for justice.

Citing the HC order, the State told the Supreme Court, "Merely because the final result of the investigation is not to the liking of the petitioner, baseless and reckless allegations have been made."

The State had also ordered a judicial probe and appointed a Commission of Inquiry headed by former High Court Judge Justice Keshavanarayan. "It has commenced its functions and inquiry is going on at full speed and the report from the Commission is expected very shortly," the State told the Supreme Court.

It also contended that the petitioners did not point out any lapse by the investigating agency before the trial court. But just two days before the filing of the investigation report, they had approached the High Court. The State has sought a direction to dismiss the petition filed by Kushalappa.

Dengue fear drives demand for mosquito nets and bats

Mysuru, July 9 (SP&BCT)- Generally, demand for mosquito nets and mosquito killing bats are low round the year. But thanks to the spread of dengue and other vector-borne diseases in city, demand for mosquito nets and other related products have gone up. And shopkeepers are not complaining.

While there is a steady demand for mosquito coils and repellent sprays during all months as they can prevent cockroaches, shopkeepers say that of late, there are many buyers for mosquito nets and the demand is high since April this year. This apart, demand for fumigation, window meshing services and aluminium insect screens have gone up.

"The dengue scare is so severe that people who get mild fever too think that they have contacted dengue and the family members rush to us for preventive measures. As doctors have said mosquitoes are the prime reason for the disease spread, people are buying nets for their bed rooms and battery-operated mosquito killing bats for other places in their houses," said Rajesh, a mosquito net dealer in Hinkal.

A good quality double-bed nylon or polyester cotton mosquito net will cost you anywhere between Rs. 700 and Rs. 1,000 with cheaper ones selling between Rs. 300 and Rs. 500, said a trader on Devaraja Market Road.

The demand for mosquito killing bats is so much that even medical shops have started selling them along with the regular coils and repellents. Enterprising youngsters have even started selling them on roadsides and on bicycles.

Earlier, a battery-operated mosquito bat which was available for Rs. 150 to Rs. 200 (with a little bargaining you would get it for further less) is now being sold anywhere between Rs. 250 and Rs. 300. And if it comes with a torch, it will cost you Rs. 400.

"We were selling clothes in other towns and cities and have come to Mysuru as there is a demand for mosquito bats. Each day I manage to sell from 20 to 50 bats and the sales within the heart of the city is high," said Deepu, who sells these bats on Bogadi Road.

Four backup elephants for this year's Dasara

- **To ensure all 12 elephants take part in Jumboo Savari**
- **Elephant Selection Committee to meet either on July 15 or 16**

By M.T. Yogesh Kumar

Mysuru, July 9- Following a preliminary meeting of the Dasara Committee held in the city on July 4, forest officials have started the process of identifying eligible elephants that will take part in the Jumboo Savari.

This time, over 16 elephants will be identified and the final list of pachyderms will be prepared at the Selection Committee meeting that will be held in city either on July 15 or 16.

At the preliminary meeting, District Minister Dr. H.C. Mahadevappa indicated that it will be a grand-scale Dasara this year from Sept. 21 to Sept. 30 and had asked officials to make it a spectacular event, drawing tourists from far and wide. As per the Minister's announcement, the first 'Gajapayana' (the journey of Dasara jumbos from the forests to Mysore Palace) will be held on August 10.

Elephants that are housed at various camps in Mysuru and Kodagu districts have been examined for their health by Deputy Conservator of Forests (Wildlife) Elukundala and Forest Department Veterinarian Dr. D.N. Nagaraj.

Dr. Nagaraj has examined Arjuna, the elephant that carries the Golden Howdah at Balle elephant camp and has found him fit to carry the 750-kg Howdah. Likewise, Abhimanyu and Balarama, housed at Mathigodu camp, Vijaya, Cauvery, Gopalaswamy, Harsha, Prashantha, Vikrama and Gopi at Dubare elephant camp, Durgaparameshwari and Gajendra housed at K. Gudi camp have been examined.

Usually, 12 elephants are identified to participate in the Jumboo Savari and this year, the department plans to identify four more to keep as standby. "In all, we will identify 20 elephants and prepare a list of 16 elephants including the back-up of four," DCF Elukundala told *Star of Mysore*.

In 2016, though 12 elephants were identified, only 10 participated in Jumboo Savari as two elephants were unwell. In 2014, elephant Kenchamba could not take part in the Jumboo Savari as she had severe loose motion. "We have to avoid such incidents this year and we are keeping a standby to ensure 12 caparisoned elephants participate during Jumboo Savari," he said.

The Department has already identified Srinivas and Bhima as standby elephants and all the 16 identified elephants will be brought to the Mysore Palace where they will be fed, trained and prepared for Vijayadashami procession.

The elephants have been examined for previous Dasara participation experience, health, weight, overall fitness, and conditions of musth, pregnancy and post-delivery health.

The list will be finalised at the Selection Committee meeting that will be held in Mysuru either on July 15 or 16.

Once the list is finalised, it will be sent to the Principal Chief Conservator of Forests who will in turn forward it to the Dasara High-Powered Committee meeting that will be chaired by the Chief Minister. The approved list will be sent to the Mysore Palace, Elukundala said.

Free LPG cylinders distributed to Ujjwala beneficiaries

Mysuru, July 9 (SP&BCT)- A programme to distribute free LPG cylinders to the beneficiaries of Pradhan Mantri Ujjwala Yojana, the Centre's flagship scheme to provide LPG connections to below-poverty-line households, was held at Kalamandira recently.

Distributing the cylinders, Mysuru-Kodagu MP Pratap Simha said that all gas agencies should only charge Rs. 560 per cylinder and Rs. 980 per gas stove. "Residents of Mysuru have complained that most gas agencies in the district are charging high for the cylinders and the gas stoves despite the price cap on them. This cannot be tolerated and action will be taken against such agencies," he warned.

He expressed his dissatisfaction against gas agencies who have not understood the Ujjwala scheme and who have been denying the facility to eligible beneficiaries.

The Ujjwala scheme was launched by the Narendra Modi government to provide free LPG connection to 8 crore families all over the country and already 2 crore families have been covered under the programme. "It is a matter of pride that more than one crore people have surrendered their LPG connection following a call given by Prime Minister Modi," he said.

Directing his ire at State government, the MP said that it was the Union government that slashed the prices of rice to Rs. 3 per kg to be distributed to the poor. "Karnataka Chief Minister Siddharamaiah copied the same scheme to give rice at Rs. 2 per kg under the 'Annabhagya' scheme. Likewise, many Central schemes like free cows under National Bank for Agriculture and Rural Development (NABARD) has become 'Hasu Bhagya' here. The Centre's sprinkler irrigation, drip irrigation and fertiliser subsidies have been copied for 'Krishi Bhagya'," he said.

A corrupt officer can be dangerous to the education system

By K.B. Ganapathy,
Editor-in-Chief

Recently, the Deputy Director of Pre-University Education Department (DDPUE), Mysuru, Jayaprakash was caught red-handed by Anti-Corruption Bureau (ACB) sleuths while accepting Rs. 25,000 as part of the Rs. 2.5 lakh bribe which he had allegedly demanded from the management of Vijayachetana PU College in Kuvempunagar, for renewal of licence.

Generally in such cases the accused gets bail quickly and to file the chargesheet later on, the Police need Government sanction. There have been numerous instances where the Government has not given sanction in such cases without following the 'Rajadharma', that is expected from a Government.

At the same time, there are also many instances where the Government has displayed discrimination by giving permission to chargesheet the accused who are NOT their favourites.

Jayaprakash, who had taken charge as DDPUE only 10 months ago, was due to retire on superannuation on the 31st of this month. (Generally, corrupt government officers use this period to make maximum money!)

On the day when this year's SSLC exam results were announced, Jayaprakash sent three department officials with a letter to the College Principal and directed them to conduct an audit at a city PU College. However, no one from the management was present at the College at the time when the officials went.

With SSLC results announced, the PU College campus was full with students and parents who were there to collect application forms and the college Principal was too busy with his work. With the officials pressing for an audit when the College was busy with admissions, the Principal called up the Institute's Secretary and informed him about the matter. The Secretary contacted DDPUE Jayaprakash and appealed to him to recall the officials and send officials on any another day. But his plea was squarely rejected by the DDPUE.

Left with no other choice, the College Secretary contacted the Personal Secretary of the Minister for Primary and Secondary Education Tanveer Sait and told him that the time was not suitable for an audit and harassing the college management was Jayaprakash's sole agenda. Now, one can easily understand the intention of the DDPUE! In any case, the audit on that day did not take place, thanks to the intervention of the Minister's PS.

Jayaprakash, right from the day he took charge of PU Board office in Mysuru, had been allegedly calling different colleges from the cell phone of others demanding 10 seats for himself under the Chief Minister's quota. After hectic bargaining, Jayaprakash used to get at least 2 seats in every college. He later sold them.

The DDPUE is said to have told the Principal of that college to stay put in the college saying that he was coming to the college to question him over a complaint. But as a coincidence or as the act of 'karma', Jayaprakash, who went to Vijayachetana College first to collect the bribe, was caught red-handed by ACB sleuths before he could reach the principal of the other college who was waiting for him.

It must be mentioned here that when seats are full, college managements can appeal to the Pre-University Education Board to increase the intake and the PU Board can give permission. In Mysuru, there are about 8 such colleges which usually approach the Board for more seats. However, the colleges seeking permission for more intake should send its proposal to the Government through the DDPUE. It is the responsibility of the DDPUE office to screen and assess the applications received and forward the same to the Government for consideration. But Jayaprakash, instead of sending the College proposals to the Government, kept them with himself. Now the question arises, what may be the motive behind his action?

While the colleges in all other districts in the State had got permission from the Government for more intake before the classes began on June 20, the proposals sent by the 8 PU Colleges of Mysuru did not reach the Government at all !

Upset over the unending wait, the managements of those 8 colleges contacted senior officials of the PUE Board in Bengaluru. They came to know to their dismay that the Mysuru DDPUE had not at all forwarded the seat intake proposals sent by the colleges. But what is satisfying to note here is that all the waiting colleges were sanctioned additional seats on July 4. One wonders whether the DDPUE had deliberately failed to forward the proposals with an intention of demanding money from the colleges.

But what is disgusting is that the Mysuru DDPUE Jayaprakash was found seated next to veteran writer and Saraswathi Samman awardee Prof. S.L. Bhyrappa at the International Yoga Day celebrations held under the aegis of the district administration at the Mysore Race Club on June 21, as was seen in the photographs published in some newspapers.

While Jayaprakash was supposed to oversee smooth functioning of the academic activities of Colleges in Mysuru he was doing just the opposite.

With the Government going soft on such corrupt and arrogant officials, no doubt the PU Education has suffered a setback in colleges coming under such corrupt officials.

Prajwal's statement was distorted: H.D. Revanna

Holenarasipura MLA H.D. Revanna addressing a press meet this morning.

Hassan, July 9 (Somesh)- Dismissing reports on his son Prajwal Revanna's 'suitcase culture' remarks at an event at Hunsur on Thursday as totally false, former Minister and Holenarasipura MLA H.D. Revanna has said that his son's remarks were totally distorted to bring a bad name to the JD(S).

Addressing a press meet at Hassan IB here this morning, Revanna sought to clarify the controversy that has gained ground following Prajwal's alleged 'Suitcase politics' remarks in Hunsur.

Maintaining that Prajwal had gone to Hunsur on Thursday following an invitation to take part in a SC/ST convention there, Revanna said Prajwal was drawn into a conversation by a local channel owned by Hunsur Congress MLA, when no other media persons were present.

Alleging that the local channel had done a good cut and paste job, by airing Prajwal's remark on 'suitcase culture' made elsewhere targeting the Congress, Revanna said the channel had telecast the news only at 9 pm, when in fact Prajwal had attended the Hunsur meeting in the morning. In between this long gap of time, the channel did a cut and paste job to defame the JD(S), he alleged.

Asserting that Hunsur Congress MLA H.P. Manjunath and other State Congress leaders were doing all such things in a bid to curtail the growing popularity of JD(S), Revanna clarified that his wife Bhavani and son Prajwal have been directed by the party not to make any political comments in the future.

Claiming that 'Suitcase culture' is very much rampant in the Congress, Revanna said JD(S) Supremo H.D. Deve Gowda and State JD(S) President H.D. Kumaraswamy will alone finalise the list of party candidates for the 2018 Assembly polls.

MLAs from Hunsur H.S. Prakash, Shivalingegowda, H.K. Kumaraswamy and C.N. Balakrishna and others were present.

Workshop on implementation of 'Learning Outcomes' at RIE from tomorrow

Mysuru, July 9 (SP&VNS)-Regional Institute of Education (RIE), Mysuru, a constituent unit of National Council of Educational Research and Training (NCERT), will be a part of the National Achievement Survey (NAS) which will be conducted in September 2017 for Classes 3, 5 and 8 based on 'Learning Outcomes' developed by NCERT for the first time, said RIE Principal Y. Sreekanth, here on Friday.

Addressing the mediapersons, he said the NAS will be conducted at the district-level to provide a decentralised picture of the quality of school education.

Stating that a three-day workshop would be conducted by RIE from July 10 to 12 on 'Learning Outcomes,' Sreekanth said that the institute would support in developing curricular competencies across the subject areas as part of the implementation of Learning Outcomes.

"Continuous and Comprehensive Evaluation (CCE) has been mis-conceptualised by making it a part of the Summative Assessment. There has been a large increase in the failures/dropout rate after Class 8, which needs to be checked through appropriate interventions. Unlike CBSE, States have decentralised monitoring units such as DIETs, BRCs and CRCs to strengthen the capacities of teachers and teacher educators to implement CCE at school-level effectively and facilitate monitoring through decentralisation," he added.

Sreekanth also said that RIE will focus on bringing together all pre-service and in-service teacher training institutions so as to converge theory and practice and have regular interaction for enriching the curriculum and its implementation.

Former Rangayana Director H. Janardhan and Extension Education Head Kalpana Venugopal were present at the press meet.

THIS Week

Talented Golfer- Pranavi S. Urs

Golf is a sport that attracts more players than any other outdoor sport-one of the reasons is the beautiful surroundings and the pleasure of being on the course to share this experience amongst friends and nature. To be able to perform successfully on such a playing field demands the ability to analyse and adjust to variable elements as well as the risk-reward factor, altogether making the game so rewarding or, so humbling. The game is played and patronised in Mysuru at the Jayachamaraja Wadiyar Golf Course (JWGC) which has played a big part in producing talented golfers in different levels from time to time with their development programmes. One such product out of their junior programme is talented golfer Pranavi S Urs, who has been performing consistently in the National junior circuit.

Pranavi taking part in the Hero Women's Pro Golf tour 2017's 7th leg at Eagleton golf course, Bidadi from 5-7th July won her first women's amateur title. Pranavi came up with three-day aggregate score of 9-over-225 and clinched the Amateur title and finished fifth overall. She is our "Star This Week".

Pranavi, competing against top women professional golfers in the Hero Women's Pro golf tour 2017's 7th leg at Eagleton golf course, played well and secured the first place among the Amateur women golfers. She finished fifth overall in the championship.

Pranavi, an eighth standard student at National Public School (NPS), Mysuru, recently represented Indian Ladies Amateur golf time in the Malaysian open and Asia pacific Queen Sirkit Cup at China from 7-13th May 2017 and performed well in both the tournaments. Earlier she earned selection to the Indian team by finishing second in the National Amateur golf team trials held at Delhi in February 2017. Pranavi returned with total aggregate six day score of 451 (76+77+71) at the Delhi golf course and (74+78+75) at the Noida Golf course.

Pranavi S. Urs

Pranavi S Urs, is the daughter of Sharath Chandra Raj Urs and Kaivalya Urs who are residents at Lakshmipuram in Mysuru. Pranavi encouraged by her parents took up to playing golf at the age of 8 and took up to the game seriously. Pranavi presently trains under Vijay Divecha at the Eagleton Golf course, Bidadi. She is one of the top junior golfers in the country at present and also takes part in the women's section as an amateur.

Pranavi won the Category 'B' title in the Bombay Presidency Golf Club's All India Ladies & junior girls FALDO series golf tournament from 19-21st October 2016 and won the title in the category 'B' section. Pranavi had finished runner-up in the team event representing Indian team in the True Visions International Junior golf championship at Siam Country Club, Pattaya, from 5-7th April, and also finished fourth in the Individual Category 'C' section. In the Ladies Amateur Golf Championship at Karnataka Golf Association (KGA), Bengaluru last year, Pranavi won the ladies title with a two-day aggregate score of 150 (6 over).

Pranavi intends to train hard for her future tournaments and fare well in the International tournaments representing the country and also in the National level. With excellent support from her parents, her school and JWGC, hope this talented junior golfer achieves her goal in the days to come.

Works on synthetic turf in Kushalanagar hits road-block

DYES yet to release Rs. 2 crore funds for the project

Kushalnagar (Kodagu), July 9- The works on laying synthetic turf at the hockey ground in Sports Hostel located at Kushalnagar has been stopped over the past two years. The sports hostel was established during 1982-83 at the time when D.R. Gundu Rao was the Chief Minister.

It is a known fact that Kodagu is the home for hockey and they are many players who have represented the country at the international level. In an effort to help budding hockey players, the Department Youth Empowerment and Sports (DYES) decided on laying synthetic turf around two years back at a cost of Rs. 3.42 cr at the hockey ground in Kushalnagar. But, the works have stopped as the second instalment of fund has not been released.

The tender for developing the hockey grounds was awarded to a Delhi-based company and the department had released Rs. 1.42 cr. The company has done basic works which includes the construction of the ground measuring 91.4/55 metres, drainage and installing fence and purchasing of synthetic turf from Malaysia.

The department will have to release the second instalment of Rs. 2 cr for the remaining works to be completed.

Speaking to *Star of Mysore*, DYES Assistant Director Jayalakshmi Bai said that a report regarding the lack of funds and works being stopped had been sent to higher officials.

She also hoped that the funds would be released at the earliest and the works would commence soon.

The Department has to look into the matter at the earliest as the synthetic turf, which is now kept in the open field, might get spoiled for being over exposed to rain and sun.

WORD OF THE DAY

Poltroon

Pronunciation: pahl-TROON

Meaning: A spiritless coward: craven; an utter coward.
Example: Come on, you poltroons! Don't be afraid of such silly things.
Origin: When you get down to synonyms, a poltroon is just a chicken. Barnyard chickens are fowl that have long been noted for timidity, and the name chicken has been applied to human cowards since the 17th century. Poltroon has been used for wimps and cravens for even longer, since the early 16th century at least. And if you remember that chickens are dubbed poultry, you may guess that the birds and the cowards are linked by etymology as well as synonymy. English picked up poltroon from Middle French, which in turn got it from Old Italian poltrone, meaning "coward." The Italian term has been traced to the Latin pullus, a root that is also an ancestor of pullet ("a young hen") and poultry.

THE ODD WORD

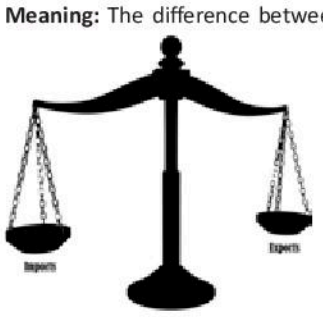
Fankle

To tangle or entangle something.

PHRASE OF THE DAY

The balance of trade

Meaning: The difference between the value of the imports and exports that a nation makes.



Origin: This expression is of uncertain origin and dates back to at least the 17th century. From Sir Josiah Child's *A New Discourse on Trade,* published 1668: "The Ballance of Trade is to be taken by a strict scrutiny of what proportion the value of the Commodities exported out of this Kingdom bear, to those imported." Given that this is a definition of the term and is the earliest known reference, it is quite likely that Child coined it himself.
